

CHILD PACKET INSTRUCTIONS

You have your child packets. Now what?

Each packet you received is a child living in poverty who is dreaming of being connected with a sponsor. Thank you for hosting a Compassion Sunday event to make their dream possible! Here are some step-by-step instructions of what to do with your child packets before, during and after your event.

- ☐ **Pray over your packets.** This is a great way to commit your event to the Lord in prayer.
- ☐ **Display the packets** on your Compassion Sunday table.
- ☐ **Encourage your church family to explore the packets** to decide which child to sponsor.
When someone decides to sponsor a child, they can fill out the form in one of two ways:

- Scan the QR code on the packet and complete the form online.
- Fill out the form in person and give it to you in the enclosed envelope.

PLEASE NOTE: *Compassion can no longer accept cash. If a person prefers to pay by check, please staple the check to the sponsorship form. People who already sponsor another child can write "add to existing account" on the form and no payment information is necessary.*

- ☐ **Ensure new sponsors take their child packet** with them! It's theirs to keep.
- ☐ **Send the completed sponsorship forms back to Compassion.** We make it easy!
 - 1. Find the FedEx return label** and the large white envelope that were included with your supplies.
 - 2. Place the label on the envelope** and put all the completed forms inside.
 - 3. Drop it off at your local FedEx** or arrange for a pickup online at [fedex.com](https://www.fedex.com).
- ☐ **Keep any leftover packets to pray over.** They should NOT be returned to Compassion. You can keep them and pray that each child will find a sponsor and be released from poverty in Jesus' name.

We can't wait to see how many lives are changed as your child packets get into the hands of loving, committed sponsors. Thank you again for all you are doing for children in poverty. To find other tools to help you prepare for your event, visit [compassion.com/plan](https://www.compassion.com/plan).
